Message from

District Governor Dana Brewer

Dear Fellow Rotarians,

Our Time is Now – Rotarians Our World Needs Us!

The Pandemic has reached a critical point at which a great deal of good can be done, if the needed things are made to happen. The anti-Covid vaccines are highly effective but increased production is necessary. That is happening with additional drug manufacturers stepping up to manufacture the successful vaccines developed by Moderna, Pfizer as well as Johnson & Johnson. President Biden may well invoke the Defense Act to require even more manufacturers to join in, as Ford and others did with PPE. The Center for Disease Control just announced that the vaccines are just as safe as was projected by their drug trials.

The vaccine rollout is not going as well as it should, largely due to every State and every County having been left to implement their own individual plans. Although one size fits all was probably not a better answer, we don't seem to see much in the way of standardized processes and best practices, being shared and implemented.

Despite those challenges, vaccines will become more and more available and Rotarians surely are willing to help, to save the lives of our family members and neighbors. How can we be most effective? First we must do the obvious. We

must wear masks and practice social distancing. New studies show that proper use of double masking is substantially more effective than a single mask. Whatever masking is used, keep it above your nose, so that it protects the air you are

breathing. If you social distance from everyone except those you live with, you will not expose those who have compromised immune systems or who live with those who do. We would not knowingly expose others to a "common" cold or "regular" flu, and Covid Kills!

As Clubs and as a District, we can do much, much more. We can work together with local medical and Health Department personnel to put together local sources of public information about Covid, local efforts to control it, including any mandates in effect, the qualifications, process and timeline for getting vaccines, their effectiveness and the side effects which show the positive response of our immune systems. DGE Fred Heismeyer is heading up our District's Task Force to help Clubs put together those local public information programs.

District Trainer DeAnn Sullivan is rolling out a public awareness campaign involving [insert picture with 2 smiley faces wearing masks], strategically deployed and moved, around each Club's community (think in front of Hospital, Health Department, Medical Clinics, Court House, Schools, etc.). Plain Smileys included

Rotary

DG Dana Brewer (cont'd)

can be used to cheer up a fellow Rotarian who is ill or homebound, for fund raisers or to mark Rotary events.

The next prong of our attack in the WAC "War Against Covid" is to run public service spots on media such as radio, television, newspapers, social media, billboards and business signs, both locally and Districtwide. Public radio stations KMWU (Wichita), Radio Kansas (Hutchinson), High Plains Radio (Garden City) and KPR (Lawrence) are helping our District and District 5710 (Eastern Kansas) develop such public information and awareness spots to cover virtually all of Kansas and Northern Oklahoma. Those messages tell that vaccines save lives and encourage people to join Rotarians in getting vaccinated, to protect themselves and the people they love and care about.

The final and very possibly most important piece of our Vaccinations for Our Neighbors Project, is YOU! You, as a leader of your community, a respected friend and neighbor who is known for caring about the wellbeing of other people, have a great deal of influence. What better way to share that influence, than to help your neighbors protect themselves and all of us, from the most dread disease of our lifetimes? Equip yourself with the information you need and keep sharing it, until we win the WAC!

Dana Brewer

District Governor, 2020-21
District 5680

PDG David Yoder—New Clubs Champion in D5680

David Yoder, Past District Governor of District 5690 in 2015-2016, has volunteered to serve as New Clubs Champion for our District. In that position he will be working with the District Leadership Team, existing Clubs interested in helping to start a new Rotary Club, or groups of individual Rotarians and non-Rotarians wanting to start a Club. Such Clubs could be the regular Club structure we are already used to or could be "cause based" or online Clubs. Cause based Rotary Clubs are formed by people interested in supporting a particular cause, such as fighting poverty or literacy, providing clean water, limiting diseases, stopping human trafficking, improving the envi-

ronment, etc.. Online or E Clubs usually only meet virtually, opening up membership to folks from far and near, perhaps even around the world.

Our District has one E Club, of which PDG of 5670, Keith Hooper, is President. District 5710 (Eastern Kansas) has started a cause-based Club organized around combatting Human Trafficking.

David is an attorney, who lives with his wife Lori in Newton, recently retired as Harvey County Attorney, after over 19 years of service. He is an active member of the Newton Rotary Club.

Are you using the correct Rotary Logo?

Are you using the correct Rotary Logo? Do you know what font is preferred for all Rotary communication?

As brand ambassadors, we must adhere to the Rotary brand standards in order to strengthen our recognizability and unity.

Please always check and be sure that Rotary branding is used in a correct and consistent way while sharing materials on your web page, Facebook, and other platforms / communication channels.

Keep in mind that even good intentions are watering down Rotary brand if not used correctly.

Refresh your knowledge by taking "Our Logo: Representing Rotary" course at Rotary Learning Center (See the link below or [click here](#). You must sign into "My Rotary" to access the link.)

Our Logo: Representing Rotary: <https://my.rotary.org/learn?deep-link=https%3A//learn.rotary.org/members/learn/course/internal/view/elearning/1102/our-logo-representing-rotary>

[Why you should care about Rotary branding](#)

Thanks to Evan Burrell, Rotarian on Facebook

Rotary Foundation News

New Peace Center—Our first in Africa

KAMPALA, Uganda (9 January 2020) - From human rights violations to the impacts of climate change, Rotary and Makerere University are offering a postgraduate certificate program to peace and development leaders who are from or who have worked in Africa to address the underlying challenges to peace in the region.

The year-long program in Peacebuilding, Conflict Transformation and Development will emphasize issues and

solutions that are of particular relevance throughout the African continent and beyond. Hands-on experience will complement coursework that addresses topics including human rights, governance, and the role of the media in conflict. Other studies will focus on refugees and migration, as well as resource and identity-based conflicts.

[Learn more here.](#)

COVID-19—Rotary Has a Role to Play

- Utilize Rotary's knowledge of vaccine safety and efficacy based on our polio eradication experience to conduct vaccination education and communication outreach in your communities. This will need to be tailored to local contexts to address unique cultural and regional needs. Your leadership will be critical in crafting the appropriate messages and strategies.
- Engage, where appropriate, with our current polio eradication partners WHO and UNICEF at the country level to offer Rotary's support to COVID-19 response activities, including vaccination efforts.
- Partner at the local level with governments, corporations, and foundations to support Rotary activities at the country level.

Through hundreds of global grants and projects, Rotary members have demonstrated what we can accomplish to raise awareness, deliver critical personal protection equipment, and provide support for frontline health workers. As

you learn of work being done in your area, please encourage clubs to add to the more than 3,000 projects already registered on [Rotary Showcase](#) (please log in to My Rotary first, and navigate to Rotary Showcase). We would like to know about them.

We have one final call to action: Help us combat the powerful, growing force of vaccine resistance and misinformation. Our advocacy in our communities will be critical — we need to spread the message about the power of vaccines to save lives.

Working together, we have done so much to adapt to the COVID-19 pandemic, to care for our communities, and to prepare Rotarians for the work ahead.

We do this for ourselves and for future generations. We do this as part of our obligation to support our world as it faces the most significant challenge of this generation.

- [Here is a 36-second](#) "Thank You" video from The Rotary Foundation (TRF) that could be shown at a club meeting to thank your donors and encourage others to contribute to TRF.
- The 2019-20 Annual Report of Rotary International and The Rotary Foundation is now available [here](#). It highlights the innovative ways we are keeping the Rotary spirit alive during these challenging times.

Rotary & Covid Vaccination

Given our track record of fighting for a polio-free world, Rotary has much to offer the effort to stop COVID-19. Clubs are encouraged to use the collective knowledge of vaccine safety and efficacy we have gained through our polio eradication experience to support vaccination education and outreach in your communities. Clubs are also encouraged to engage with our current polio eradication partners WHO and UNICEF at the country level where applicable to offer Rotary's support to COVID-19 response activities, and to partner at the local level with health departments and other agencies. Let the Rotary world know what your club or district is doing to support COVID-19 vaccine introduction efforts. Please share your efforts and projects on [Rotary Showcase](#).

Human Trafficking Rotary Club

A new cause-based Rotary Club has been organized in District 5710 (NE Kansas area).

"The **Community Action Against Human Trafficking** Rotary club was born in a time of social distancing. It is a virtual cause-based rotary club committed to bringing freedom to victims of Human Trafficking. We are open to prospective members world-wide."

If you or someone you know is interested in joining this new virtual club, visit their Facebook page at <https://www.facebook.com/CAAHTRotary>.

Why you should care about Rotary Branding

It might seem like a small thing, but a logo that isn't used properly can create confusion and mistrust. We always want to use Rotary's logos consistently and properly to maintain a global Rotary brand that members, donors, and the public can trust. Over the next year, we plan to talk much more about branding. In the first of a series of Rotary Voices blog posts on this topic, Rotary's brand specialist, Liz Thiam, explains [why clubs should use the Rotary logo correctly in their communities](#) and how they can do that.

Nominating Committee News

All clubs received notification in November that the Nominating Committee was accepting nominations for District Governor 2023-2024; The deadline for receiving nominations was January 15, 2021 and the committee is now in the process of interviewing and selecting our 2023-24 District Governor.

Stay tuned for the announcement from the committee!

Dictionary Distribution during COVID

The **Rotary Club of Newton**: Newton Rotary is not able to deliver 3rd grade dictionaries in person this year so we are having the teachers play this video for their students when they receive their dictionary. [It's a cool video!!](#)

SMILE!

Every club that wants to receive a set of “Smiley Faces” and promotional Rotary signs will soon receive theirs!

As part of D5680’s “**Rotary Responds**” efforts, and with the assistance of a grant from the Kansas Leadership Center (KLC), participating clubs can spread smiles their community. Clubs will receive a “kit” that contains 10 round “Smiley” signs with the Rotary emblem on one side and a smile on the other. Two rectangular signs are included: one for promotion of Rotary and the other to promote Covid vaccinations. In addition two Rotary masks are included to mask up two of the smiley signs.

There are many reasons and ways to use the signs:

- Promote vaccine awareness until no longer needed
- Surprise members with life events (new baby, birthday, anniversary etc.)
- Stay in touch with Rotarians missing our meetings
- First responders thank you
- Fundraising - members pay to have put in other yards
- Project awareness - surround your project with smiles

Watch for your kit and more information—thanks to Trainer DeAnn Sullivan for her coordination of this great project—which will last long after our lives revolve around Covid-19.

Why are we doing this project? Because Rotarians are People of Action!

For 35 years Rotary has been vaccinating children around the world to protect them from polio. 2.5 billion of them to be exact. Rotarians know that vaccines are important and that vaccines save lives. This is our opportunity to show support for those undertaking the historic effort to vaccinate millions of people in short amount of time.

Need a gift or fundraiser?

“The Waterman” aka George Lewis visited our district a few years ago and was instrumental in involving clubs in D5680 in water projects around the world. He is now offering his paintings as fundraisers for additional water projects. His paintings are often used as club gifts or club auctions to raise money for any club project. [Click here to learn more.](#)

Purchasers of The Waterman’s paintings receive Paul Harris Credit to their Rotary Foundation account for a portion of what they pay for the painting. He personally paints these items. Please consider subscribing to his newsletter (no cost) and maybe buying a painting for your local fundraiser! He is also available for a club program. Contact him via email by [clicking here](#).

The art shown titled, “Horse Race” and “Paris” are oil on canvas, 11”x14” \$150.00. Many, many more are available at the above link.

Did You Know?

- The first episode of “**My Rotary Story**” featuring DGN Fred Heismeyer on Youtube! <https://youtu.be/6fphKw-IXKY> Watch for future episodes as Isaac McNary, a member of the **RC El Dorado** plans to do a series of them. The video will appear on our Facebook page and district website.
- **Rotary Responds**—Listen for our public service messages, if you get KMWU on the radio (89.1 FM) or listen to it online at kmuw.org. Here is the text of the Community Service Spot:

“The Rotary Clubs of Kansas and Oklahoma are reminding everyone that vaccines save lives, and are the best way to protect those **who are** near and dear. Learn more at KMWU’s COVID-19 resource page.”

Club News from around the District

Rotary Club Derby: *Courtesy Derby Informer* - Derby Rotary Club has now seen 40 years worth of meetings, but their meeting on Friday was the first of its kind.

Rotary club members met Friday to celebrate the club's 40th anniversary in the Derby Public Library's parking lot, straight from the comfort of their own vehicles. John Bode, a Rotary member and employee at BRG Precision Products, helped the club broadcast its meeting to members on a specific radio station, similar to a drive-in movie theater.

"We just picked up on this idea and took off with it," said Rob McDonald, president of Derby Rotary Club since July 2020. "We thought it was a wonderful, creative idea."

Since October, the Rotary club has been meeting via Zoom, but McDonald and other members wanted to do something special to mark four decades of activity. The Rotary club also set up a "drive-thru" food pickup, so

members could safely enjoy a meal during the meeting. After handling the usual rotary meeting business, members competed in friendly games of bingo.

Prior to the meeting, McDonald sent out a questionnaire to gather members' favorite experiences and memories throughout the club's history. "I read a lot of those com-

ments off and it brought a lot of memories back, as well as just good times that we've had in the past," he said.

McDonald said the group still has some of its charter members, who helped establish the club in 1981.

"For me, [Friday's meeting] showed our resilience – that you can't keep any Rotarian down," said McDonald, who has been a member of the Rotary club for eight years. "As for the longevity of our club, it is because of the leaders in our community who have continued to stay with [us] and also pass the torch to other leaders in our community."

McDonald estimated about 30 members attended the car rally.

After the meeting, members attached 40th anniversary signs and balloons to their cars and led a parade through town.

McDonald said the club is planning to host a car show as part of its 40th anniversary celebration on April 10, with a possible raincheck date on April 17. Proceeds from the car show will benefit the club's Feed-a-Hungry Child program, which helps cover meal costs for students in need at Derby Schools.

The Rotary Club of Russell is partnering with Rus-

January 26th - 5:30 pm

Dr. Somers will join members of the Russell Rotary Club to educate our community regarding COVID-19 and the vaccine.

Meeting lists will be posted on the Russell Rotary Facebook page, USD407.org, and KRSL.com.

Brought to you by
Russell Rotary Club
RUSSELL USD 407
#KidsFirst407

sell Regional Hospital and Russell County USD 407 to present a special online question and answer forum on Tuesday, January 26 starting at 5:30 PM.

Dr. Tyrel Somers from Russell Regional Hospital will be joined by Rotary

Club members in this live event.

According to Russell Rotary Club member Kristen Windscheffel, "the goal is to provide education and information from a local perspective regarding COVID-19 and the vaccinations available and provide the community with an opportunity to ask questions. As community members, we recognized there are still so many questions about COVID-19 and now with the vaccine. So as Rotarians, we recognized this as an opportunity to serve our community."

You can watch and ask questions through the USD 407 YouTube channel. A link will be posted here on KRSL.com along with Russell Rotary Club's **Facebook page** and **usd407.org**.

Update: In addition to the 65 viewers that watched the event live, we have so far had an additional 248 people view the [recording on YouTube](#). It was also on Facebook Live, but I'm not sure how many people watched it through that platform.

Note from DG Dana

This is a great example of a Rotary Club in our KanOk District 5680, taking on the Covid challenges to overcome misinformation the disease and now the vaccines and encouraging vaccination.

Help your Club and Community by participating in putting together and sharing accurate information and positive messages, to help protect the people we love from the too often horrible effects of this dread disease!

Club News from around the District

Rotary Club Clay Center: A Mural Movement is underway in Clay Center! The mission of the organization is to continue to beautify Clay Center, enticing travelers to stop in our community and explore local businesses and attractions. This project initially began as a local Rotary project and then formed a community committee of Brett Hubka, David Borgerding, Maria Pfizenmaier, Jacob Lohrmeyer, Tracy Lebo, Michelle Gillard, and Shannon Stark. The committee has had community involvement from students, local businesses and area artists.

Following a successful Match Day fundraising campaign, A Mural Movement has made steady progress. With the generous support of local community members and donors, we are happy to announce the installation of

three completed projects in Clay Center:

The first two have been fully funded and completed on schedule. The Veterans Mural is the latest to be installed. This mural depicts the flag raising at Iwo Jima and includes a real flag and pole installed within the mural.

A community mural was painted during Piotique and is currently displayed in a lot downtown. The largest mural is in the fundraising, planning, and design stage. This mural will go on the wall of the Wardcraft Home Store.

Donations will help cover the artist's work, travel, room and board, materials, and surface preparation for the various projects. Commemorate your family, friends, teachers, and frontline workers by participating in A Mural

Movement. Sponsor levels have been established and are as follows: Da Vinci: \$5,000, Van Gough: \$1,000, Michelangelo: \$500, Picasso: \$100. Donors that meet the sponsorship levels will be publicly recognized on the Courthouse Square at the site of the Wardcraft Home Store at 531 Court Street. Tax deductible donations may be made through the Clay Center Community Improvement Foundation online at www.ClayCenterCIF.org or mailed to Thurlow & Associates at 432 Court Street, Clay Center, KS 67432.

Read a story from *The Mercury* about this wonderful project with these quotes from Clay Center Rotary President, Brett Hubka:

"What was once a one-time project has taken on a life of its own, Hubka said. Other building owners and the city of Clay Center have since expressed interest in participating in the mural movement. As long as the organization has the funds and there are open walls, he said they are interested in continuing the project."

"It's pretty wild how it's snowballed, way more so than I would have suspected, but it's a really good thing though," Hubka said. "We've had a few community members say, 'Let's become known as a mural town, because all towns are kind of known for something. Maybe someday when people think of Clay Center, they think about this project. Who knows?'"

[Clay Center mural series looks to attract attention, visitors to city | Local News | themercury.com](#)

Note—See invitation on last page of this newsletter for the Freedom Mural Dedication: **Tuesday, Feb. 23rd – Also the 75th anniversary of the US Marines raising the flag atop Mount Suribachi on Iwo Jima.**

Rotary Club Old Town Wichita: The Old Town Club of Wichita **inducted 5 new members on Nov. 23, 2020.** We increased our club membership by 62% and gained 5 great people who have already engaged in Service Above Self. We had a virtual ceremony with a slide show of the activities the new members engaged in and had them open new member packets that had been delivered to them previously. We were fortunate to have a host of District dignitaries join us including DG Dana Brewer, PDG Kurt Harper, DGE Fred Heismeyer, DGN Ivanhoe Love, Treasurer Kent Erb, and PDG Geri Appel.

Rotary Club Old Town Wichita found a way to stay engaged in service with a project celebrating our 10th Anniversary. We built, installed, and supplied the first load of food for a little pantry that the Kansas Children's Service League requested help with. It took several trips to member Greg Soelter's well-equipped home shop, but most club members were able to help out with this project. Reports are that it is being used frequently. If you're interested in donating, the pantry is located on the KCSL property in Wichita. Members Greg Soelter, Patrick O'Brien, and Amy Lash Esau show off the new little pantry.

Club News from around the District

Rotary Club W Sedgwick Co. Sunrise: Three organizations received \$250 each from Holiday Raffle Funds: Kansas Children's League for families they serve; St. Francis Ministries for children in foster care; TOPS low income children to receive gifts.

Rotary Club Washington: Our Festival of Trees was completely revamped due to Covid-19 and we are very proud of the results. The event was held virtually via Facebook and we sold entrée and dessert baskets and had an online auction with lively bidding. We raised more money than last year!

Live Auction Team

Live Auction Items being displayed

Dessert Bags ready for delivery

Rotary Club W Wichita:

Our Christmas grocery shopping crew met at Dillon's on Saturday, December 19, to purchase groceries then deliver the groceries and gifts (purchased by our members) to the selected needy families from Lawrence and Benton Elementary schools.

Our club now has reusable Rotary Grocery Bags to use when our club delivers groceries for our Monthly Grocery project as well as our Holiday groceries. Each bag carries 30 pounds and is made of synthetic plastics.

Rotary Club Washington: Our club president, Judge Paul Monty, retired after 13 years of being a judge. He share these thoughts with our club:

"Since I have only one more day of serving the judiciary, I hope you will indulge me this one time to express my opinion about the judicial branch of our government. I have always taken great pride in being a lawyer and the last 13 years being a judge. In my opinion the judiciary is the most important branch of our government. The Constitution is a wonderful document, but if the law was not enforced, what good would it be? There are many countries with great constitutions, but they mean very little unless there is a judiciary to see that they are enforced. History clearly shows how important an independent judiciary is. The law must be enforced no matter what the executive or legislative branch thinks. Constitutions mean little if the law is not equally and consistently enforced. We have witnessed in our own country recently mob rule, but the judiciary has stood strong. We have a country ruled by the law. We don't have Trump judges, Obama judges or Bush judges. We have judges committed to the rule of law. This we have seen and should be most proud of, I am."

President Paul

Something to Brighten Up Your Day

Kids remote learning during a polio outbreak in the 1940s.

Teachers read lessons over the radio.

Humans are adaptable creatures. It seems that the shift to remote learning we're seeing now is not the first time it has happened in history!

Note from DG Dana: Remember to finish your End Polio Now donations for multiplied Matches from The Rotary Foundation World Fund and the Bill and Melinda Gates Foundation. Your \$100 gift becomes \$600 and helps qualify your Club for a \$100 Match from District Governor Dana Brewer and Governess Tina!"

Calling all Veterans

Knowing that we have many Rotarians who are veterans, the Rotary Club of Clay Center invites you to the Veterans Mural Dedication on Tuesday, February 23, the 76th anniversary of the flag raising on Iwo Jima.

We are excited to start this new year with great news: The Rotary Foundation has been honored with Charity Navigator's Four Star rating for the 13th year in a row.
