## Message from District Governor Robert Mendoza

Hello Rotarians,

John Maxwell says “A Great Leader’s courage to fulfill his vision comes from PASSION, not POSITION.”

Let me ask you a question, do you love being a Rotarian? I

ask you this question because I ask it of myself. My answer is Yes, I love being a Rotarian. I love that I get to meet amazing volunteer leaders. People who come together to do something good, to make a difference and to change the world. When I meet a Rotarian it isn’t about a problem with an order, it isn’t about a customer complaint, a citizen concern or because someone is mad. I get to smile and shake hands knowing that the other person is there in front of me is hoping for a chance to connect, build a relationship and do something wonderful and exciting for someone else. And maybe I will get to be a part of it. Aren’t I lucky? You are just that lucky too, if you are a Rotarian.

In Rotary, it doesn’t matter who you are, it matters that you are there, open, energetic and engaged. It matters that every hand

you shake is a new partnership for a new idea. It matters that every smile is the beginning of a new friendship that can change your life, it matters that your dreams are the driving force to change your community and maybe even your club. You matter, and without you we are all less.

Ladies and gentlemen, what is your passion? What do you love to do? What do you want to do? In Rotary you can do it, and we can do it together. I want to know what you are passionate about, because I want to help you bring our resources to bear to make your dream a reality. I want you to know about this thing called Rotary, so you too can celebrate success and find a deeper meaning to your membership.

I hope in these few short months, my passion for Rotary has been evident in our time together. I hope you have seen a glimmer of what is possible with a little time and energy, and I hope to see you soon at our Rotary Conference to celebrate and laugh among friends and gain a deeper understanding of this wonderful organization.

## A Report from the Rotary International Russia-US Intercountry Committee

*By Kurt Harper, D5690 Russia-US Intercountry Committee Chair and District Governor 2019-2020*

As many of you know, I have served the last several years as our District's representative to the Russia-US Intercountry Committee (succeeding June Costin, who was our first representative and attended the chartering ceremony).

Our committee had a booth at the RI Convention in Atlanta, where we compiled two pages of email addresses of individuals interested in our activities, which focus on **friendship exchanges** to try to establish better understanding and solid friendships between Rotarians in both countries. We also attended a dinner party with a number of Russians at a barbecue restaurant in Atlanta, where I encountered two of the Rotarians I met on the 2012 GSE trip to Russia—one of whom is the new District Governor for the Rotary district comprising European Russia!

On August 25-26, I attended the Annual Meeting of the Committee, where I began my term as Chairperson of the US Section. My counterpart from Russia, Andrey Egorov, was able to attend as well.

Prior to the business meeting, we were able to attend meeting with a number of Russian-related institutions, including a small-group meeting (outgoing chairperson Charles Heberle, and incoming chairpersons Egorov and myself) at the Russian Embassy, where we met with their cultural representative and multinational relations representative. We addressed the growing concern over visa processing by our respective state departments, and our need to clarify what visa is appropriate when Rotarians visit Russia not just as tourists, but also to participate in meetings or projects. It was a fruitful visit.

Andrey Egorov has already been working on the groundwork for what I hope to accomplish as our main undertaking—arranging one or more friendship exchanges coinciding with the World Cup games, which begin in June 2018. He is working on arrangements for Rotaractors and Rotarians to volunteer at games; and to test the waters as to what clubs there might be able to host delegations.

It will be a very busy year—I hope you will all watch for updates on this opportunity. If it comes together, it will require quick action to sign up, get tickets, and be ready.

## Habitat For Humanity & Rotary Announce Partnership

A new partnership between Habitat for Humanity and Rotary International was announced on October 3, 2017. The partnership will facilitate collaboration between local Rotary clubs and local Habitat for Humanity organizations, expanding Habitat's volunteer pool by tapping into Rotary's 1.2 million members in 200 countries and regions.

"Habitat's aim to bring people together to build homes, communities and hope aligns perfectly with Rotary's commitment to make positive, lasting change in communities

around the world," said Rotary General Secretary John Hewko. "With Habitat's expertise and the power of Rotary's volunteer network, we will help build the foundation for stronger communities."

Volunteer with or support [Habitat for Humanity](#) for your next service project.

## News from Rotary International

### Rotary Finds a New Partner for Peace

Rotary is forming a strategic partnership with the Institute for Economics and Peace, a leader in the study of peace and conflict. Together, we will create new learning opportunities for Rotary members.

Rotary will work with the institute to create an online learning platform, with webinars and interactive tools, that members and Rotary Peace Fellows can use to increase their expertise. Rotary and the institute will also develop workshops in “positive peace,” a concept that says we can build peace by identifying and measuring the attitudes, institutions, and structures that create and sustain peaceful societies and fostering them elsewhere. These workshops will be funded by global grants and hosted by Rotary clubs.

More information about how you can get involved will be available in the coming months. Contact Area of Focus Manager [Rebecca Crall](#) for additional details.

### Overcoming Obstacles to Polio Eradication in Pakistan

When I first joined Pakistan’s Polio-Plus Committee (PNPPC) as a manager close to eight years ago, polio eradication seemed within our reach. I used the opportunity to study poliomyelitis beyond just perceiving it as “a crippling disease.” I researched the causes and consequences; the types of polio virus; modes of prevention; and how elusive the virus can be given the right conditions.

Then in 2012, the dynamics of my country changed. We were faced with hostile militants, who refused to allow polio teams to vaccinate children in their territory. Our front line workers were regularly targeted for their work during campaigns.

Children were deprived of polio vaccine in several regions occupied by the militants making it inaccessible and hard to reach. Common myths and misconceptions were rife in most backward communities. Our biggest hurdle was “how do we change their mindset,” while they eyed us with suspicion and disdain.

We expanded our motley crew to a larger team. Together we worked closely with our polio partners to devise strategies and innovative approaches to overcome the odds; through placing Resource Centers in high risk districts;

targeting nomads and Internally Displaced Persons (IDPs) through Permanent Transit Posts (PTPs); creating awareness in illiterate communities through speaking books; conducting workshops with enlightened religious clerics; and encouraging Rotary clubs to hold health camps in

impoverished districts.

Meanwhile, polio cases spiraled across the country and in 2014 we reported over 300 cases of the wild poliovirus. In the years that followed, we worked with unwavering diligence and commitment in collaboration with the government of Pakistan to restrict polio transmission. Today, we have only five cases of polio stemming from the wild virus and only 11 globally, as of the end of September.

World Polio Day 24 October was established by Rotary International to commemorate the birth of Jonas Salk, who led the first team to develop a vaccine against poliomyelitis. It marks the long and arduous journey all endemic countries have struggled against, to eradicate polio.

The last mile is the hardest, but we are so close to the finish line.

## Attending Your First District Conference

When your club asks you to attend your first district conference you should feel flattered. You have an opportunity to provide “Service Above Self” in your efforts to bring information back to your fellow Rotarians. However, you want to use your time networking and engaging with Rotarians from around the district to your benefit. Here are some tips to help you prepare for the conference experience.

**TALK WITH YOUR CLUB’S MEMBERSHIP:** Find out what they hope you can learn from the experience. Also, talk with those who have attended prior district conferences and ask their advice.

**YOU ARE RESPONSIBLE FOR YOUR OWN EXPERIENCE:** Ultimately what you gain from any Rotary experience, and especially a conference, is directly related to what you put into it. Be willing to talk to strangers. Sit with different people at each meal. Ask questions in the sessions. Talk informally with other Club Rotarians and district leadership.

**SPEND TIME PREPARING:** Know information about your club – key projects, success tips in recruiting, needs of your club and of course background on RI. Check out the district website ([www.rotary5690.org](http://www.rotary5690.org)) and the RI website ([www.rotary.org](http://www.rotary.org)).

**KNOW WHY YOU ARE ATTENDING:** Rotarians attend to learn and have fun; make sure you fill your day with learning opportunities and soak in as much information as possible but also enjoy yourself.

### OTHER TIPS

Bring business cards and share them with other Rotarians. Build your Rotary contact list.

Remember a pen and paper to take notes and write “valuable” information so you don’t forget those items.

Consider recording some of the presentations and share them with your Club.

Bring information that your club uses and creates and share with others.

Finally, schedule time at your club meeting and/or leadership meeting to share what you have gained from your experience.

In conclusion, as a leader of your club, you have a terrific opportunity to improve your club through learning more about Rotary. When you make the most of your time during your first district conference you will most likely be asked to go back, and you will go back as a pro. As intimidating as conferences can be at first, you will most likely end up enjoying them. And, if you take advantage of the opportunity, you’ll always return to your club a more knowledgeable and valuable resource.

### October is Economic Development Month

Nearly 800 million people worldwide live on less than \$1.90 a day—extreme poverty.

Rotarians worldwide are committed to reducing poverty by using their skills in projects that provide vocational training and that strengthen local entrepreneurs and community leaders, particularly women, in impoverished communities.

We create opportunities to help individuals and communities thrive financially and socially as well as training people to become resources for their community, offering networking activities, advise on new business development, and mathematics and financial management training.

# Club News from around the District

**Rotary Club Kingman:** The Rotary Club of Kingman held its inaugural "Polo for Polio" fundraising event on Saturday, September 9th. This fun event was the idea of Rotarian-Kelly Wood, Kingman. Four-person teams, riding stick horses and brandishing hockey sticks, competed against each other to score goals during the 10 minute games. Teams paid an entry fee of \$50, which was donated to the PolioPlus Fund. The Kingman club has also coordinated with the Kingman County Historical Society and Museum to bring a polio awareness exhibit, including an iron lung, to the Kingman Museum. The exhibit will be on display through October 24th.

CASH BAR CLOSES

THE MOST FUN EPIC CONTEST DISTRICT 5690 HAS EVER SEEN!

1. EACH CLUB SHOULD DEFINITELY PARTICIPATE IN THE MOST FUN EVER AND ENTER A CONTESTANT TO REPRESENT THEIR CLUB.
2. THE REPRESENTATIVE WILL PROMOTE "HOW THEIR CLUB EXCELS AT SERVICE ABOVE SELF AND FIGHTS THE ENEMIES OF ROTARY, WHICH ARE POLIO, POOR WATER, ILLITERACY, AND MUCH MORE."
3. VERY IMPORTANT: EACH CLUB'S CONTESTANT WILL WEAR THEIR OWN SUPER HERO COSTUME AND TALK ABOUT HOW THEY ARE SAVING THE WORLD FROM THE ENEMIES OF ROTARY.
