## Message from District Governor Sterling Hall

Dear District Rotarians,

The year is winding down. Have you had a great year? If you have that is wonderful. If you haven't, there is still time to finish your Rotary year strong.

Where are you at on your Club's membership, Club projects and giving to the Rotary Foundation? You still have time to change every one of these goals for your Club.

Membership: Look at where you started and where you're at today. Your Rotary Club can change that number. The Rotary website has great tools for you to use. Go through the membership section and see which tools will work for your Club. Use their tools and ideas to change your Club's total for the year. <https://my.rotary.org/en/learning-reference/learn-topic/membership>

Club Projects: Do you have a project to complete or report the completion? Like the ads say "Get It Done" or "Just Do It". The report for the DDF projects can be found at the website below. <https://www.rotary5690.org/SitePage/district-grants>

The Rotary Foundation: It's time to think about you and your Club's final giving. What were the goals you set? Have they been reached? Go to the Foundation web-

site and make an appeal to your Club members to finish their goal and the Club goal. <https://www.rotary.org/en/about-rotary/rotary-foundation>

The final item I want you look at is where is your Club on reaching the Presidential Citation? You are

probably closer than you realize. Look at what you have done for the year and get it reported. Then look at what needs to be added or completed and get to work. You do have time to reach and achieve this goal. <https://my.rotary.org/en/news-media/office-president/rotary-citation>

Enjoy your last 6 weeks of the year and **"Be the Inspiration."**

Yours in Rotary,

**Sterling Hall**

## Message from 5670 District Governor Andrea Krauss

Here we are... nearing the end of another Rotary year. Now is the time to be finishing up those last few projects and details before the changeover in club leadership on July 1.

How is your club doing in its progress towards the Rotary Citation? Remember that in order to achieve the Citation, your club has to meet only three of the six goals in each of the areas of: 1) Support and Strengthen, 2) Humanitarian Service, 3) Public Image and Awareness. Most of your clubs have probably already met three of the goals in each area. You just have to report it! Go to <https://my.rotary.org/> to enter your club's results.

Where does your club stand on per capita giving to The Rotary Foundation? Have you reached EREY giving status of \$100 per capita to the Annual Fund? If not, there is still time. Remember that one-half of your club's contributions to the Annual Fund will come back to our district

three years from now. This is how we fund our district grants. Your club must make a contribution to the Rotary Foundation Annual Fund this year in order to be eligible for a district grant next year.

How is your club coming on completing your current year projects? Remember that if you received a district grant for your project, a final report must be submitted. The final report form can be found at <https://www.rotarydistrict5670.org/page/district-grants>.

There is only about a month and a half left in the Rotary year, but there is still plenty of time left for your club to finish out the year strong. Let's make the last year of District 5670 the best year ever!

**Be the Inspiration!**

## Attracting Younger Leaders to Rotary

How can Rotary clubs reach more young people? What role should young leaders play in a club's recruitment strategy? LaShonda Delivuk, the 29-year-old president of the Rotary Club of Lynchburg-Morning, Virginia, USA, definitely knows something about younger leaders and [attracting young people to Rotary](#).

be present." She has modeled this in her own life by [being transparent](#) about how she leads her club while keeping her Rotary responsibilities manageable.

At this year's International Assembly, LaShonda [took the stage](#) to inspire the next class of district governors to think in new ways about Rotary and the balance members are searching for. The key, she says, is "showing them you find their time to be valuable. If you can make Rotary worth someone's time, not only will we change Rotary, but we will change the world."

When club leaders were asked recently about their biggest membership challenges, 31 percent said they struggle to motivate members to participate in club activities, volunteer for service projects, and serve in leadership roles. "There is this perception that you have to be perfect to be impactful in Rotary," LaShonda says. "But perfection doesn't exist. And we certainly don't need any 'perfect' Rotarians. What we need is a group of service-minded leaders who are willing to stand up as they are and simply

## Holger Knaack to Serve as 2020-21 RI President

**Holger Knaack**, a member of the Rotary Club of Herzogtum Lauenburg-Mölln, Germany, has been selected to serve as president of Rotary International in 2020-21.

The Nominating Committee's decision follows the resignation last month of President-nominee Sushil Gupta due to health reasons. Knaack will officially

become president-nominee if no other candidates challenge him by 31 May.

To build a stronger membership, Knaack says Rotary must focus on increasing the number of female members and transitioning Rotaractors into Rotarians.

Knaack believes that the People of Action campaign of-

fers new public awareness possibilities for Rotary. "This campaign conveys our global image while still respecting differences in regions and cultures," he says.

A Rotary member since 1992, Knaack has served Rotary as treasurer, director, moderator, member and chair of several committees, representative for the Council on Legislation, zone coordinator, training leader, and district governor.

He is an endowment/major gifts adviser and co-chair of the Host Organization Committee for the 2019 Rotary International Convention in Hamburg.

Knaack is the CEO of Knaack KG, a real estate company. He was previously a partner and general manager of Knaack Enterprises, a 125-year-old family business.

While in Wichita and Kansas, delegates collaborated on best practices for Children in Local and State Libraries. ## May is Youth Service Month

May is Rotary's Youth Service Month! During this special month, Rotarians and young members of the Rotary family, including Rotaractors, Interactors, and RYLA and Rotary Youth Exchange participants, are encouraged to develop meaningful connections that last throughout the year.

## Leadership is "Service Above Self"

Just recently I was reading an article by Lou Adler about critical soft skills and hiring. It raised some interesting thoughts for leadership in Rotary. We talk about "finding" the next president and how difficult it is to find Rotarians to serve in club/district leadership. Perhaps we are not approaching this in the right way. Perhaps we should be offering a leadership position to those who want a premier leadership opportunity.

Finding the right fit between the club's needs and the talent of the candidate is essential for success of the club and the leadership. As business/community leaders we make these important matching decisions everyday as we seek new employees and candidates for public positions. Why do we not use these valuable skills in Rotary? Why do some clubs leave the decision of future leadership to the "you're breathing" strategy? Why do Rotarians not view leadership in our clubs as important as being a member of the City Council, Planning Board, School Board or Director of a Department? This culture perplexes me!

So, what can we do?

- We can plan for succession.
- We can recruit for skills.
- We can educate on what benefits there are for being a Rotarian leader.
- We can encourage Rotarians that the opportunity to lead in a club is "Service Above Self".

As we enter the new Rotary year, a challenge to incoming Presidents is to immediately begin thinking about succession. Identify and begin to recruit potential leaders for the 2020-21 year.

Seek out newer Rotarians to lead projects, serve on committees and to be future board members. Finally, spend time at your quarterly Club Assemblies discussing the importance of engagement by all Rotarians and the necessity to have strong, committed leaders guiding the club to greater success.

### Hiring Formula for Success

Simply stated, "*The ability to do the work in relation to fit drives motivation and ultimately performance.*"

P.S. Past Presidents, your challenge is to consider being involved at the District level. We need engaged, experienced Past Presidents for a variety of committees, tasks and formal leadership positions. You can be part of the historic beginning of District 5680.

**DON'T WAIT TO BE ASKED - PLEASE CONSIDER VOLUNTEERING!**

For 96 years, the Great Bend Rotary Club has been investing time, talent and financial resources in the Great Bend community. On May 13, they continued their celebration and support of our community's

"The investment in our young people is a 'pay it forward' asset, said Mark Mingenback, Rotary club member and event emcee. "Simply put, this investment insures the success of our community because these outstanding students will be the future leaders of our community, state and nation."

*Jim Krob  
Speaker*

Guest Speaker, Jim Krob, former coach at Ft. Hays State, delivered a humorous and meaningful talk to the many young people there while reminding the rest of the audience of ways to live an honorable life.

In attendance were several prospective members and Rotarians from the Ellinwood and Lyons clubs. DG Andrea Krauss and AG Catherine Strecker of District 5670 and PDG Geri Appel of District 5690 also spoke briefly.

## MAP PAINTING: FUN AND FULFILLING

Several EWR members volunteered on Saturday morning to create a map of the U.S. on the outdoor basketball court at Caldwell Elementary.

Step One: Using a template, **Lynn Jeane**, Map Project Co-Chair, makes chalk marks onto the concrete. After the template is lifted, Rotarians draw chalk lines and connect the dots.

Step Two: **Brian Blackerby** and **Craig Wulf** paint over the chalk lines to create the borders of all 50 U.S. states.

Step Three: Paint inside the lines! Newest EWR member **Michael Caffrey** paints Idaho. Rotarians divided into teams of two to paint all the states.

Below: All 50 U.S. states, along with a Rotary logo (courtesy of **Ely Luna**), are painted and ready for the students at Caldwell Elementary to enjoy. Thank you, **Eileen Kludt**, Map Project Co-Chair, participating EWR members, and other volunteers for your part in this project's success!

**Wichita Rotary Women (WRW)** is a cross-club group formed about 10 years ago to allow women from all area clubs to network with each other. They meet once a month on the first or second Wednesday for Happy Hour in various locations in Wichita. They do NOT take attendance, but simply enjoy each other's company. Most contacts are through email where we share information about job openings and searches as well as information for the good of the group. They also keep a central calendar of the local Rotary club programs.

If you are not a part of this group and would like to be, email Gayle Goetz, [ggoetz@wsutech.edu](mailto:ggoetz@wsutech.edu) with your name, club and preferred email address and she will add you to the WRW list to receive emails.
