Monday Morning District 5680 PETS e-Mail #8

RESOURCES

Verb: provides a person or organization with materials, money, staff and other assets necessary for effective operation.

Good Monday morning to all District 5680 2021-22 President-Elects in Rotary,

Throughout the past several weeks, you have been receiving information, resources, and suggested activities for you to complete that will help you be a successful president of your club, continue the impact of your club and increase the effective operations of your club. Your leadership, your communication, your sharing resources and your enthusiasm are the cornerstone of your success. **Take some time this week to review each of your Monday morning messages.** You can find all of them on your district website page: <https://rotary5680.org/page/resources-for-club-presidents>

USE YOUR RESOURCES!

The learning Center has **RESOURCES** for your club members as well as your leadership team. There are currently 10 different topics with training modules created for them:

About Rotary	Club Leadership	District Leadership
General	Membership	Professional Development
Public Image	Service	The Rotary Foundation
	Trainer	

You and your leadership team members will want to access the Club Leadership topic in the Learning Center. It's easy! Log in to [Rotary.org/learn](https://rotary.org/learn) using the same password that you use for the My Rotary website.

Encourage your officer team members to look at their position specific modules. As a PE you will want to view several of these before July 1. These are some of the learning plans for the Club Leadership topic:

Club President Basics	Club Secretary Basics	Club Treasurer Basics
Club Rotary Foundation Committee Basics	Club Membership Committee Basics	Club Service Projects Committee Basics
Club Administration Committee Basics	Club Public Image Committee Basics	Leading Effective Committees

Many of the topics have courses that any of your members might find interesting and helpful. For example, the Professional Development topic has courses on developing consensus, understanding conflict, preparing a speech, etc. **Be sure to share information about these resources with your entire club.**

Finally, **encourage your officers, board members, and committee chairs to continue thinking about their Goals and Action Plans for 2021-22.** After PETS, your team will want to be working on your Club’s goals so that by the time they take leadership on July 1, you will be ready to complete those goals and put actions steps to each. **Please make sure that your club leadership team engages in the goal setting process.**

We continue to remind you – you are not alone in this adventure.

You have many resources within District 5680 including DGE Fred Heismeyer, DGN Ivanhoe Love, your assistant governors, and the entire district leadership team.

Plan to get your questions answered at PETS. If you have not found the answers in Rotary International materials or by asking questions of your current President or someone on our District Leadership Team, **bring the questions along to PETS.** Every effort will be made to provide an answer for your questions. We have a talented team of Rotary resources ranging from the club level all the way to the RI organizational level.

We look forward to working with you at PETS and throughout your term as president of your club.
